

gargantua

2015

2015 oregon syrah Our 2015 gargantua Syrah comes from two vineyards; the Symbion Vineyard in the Eola-Amity Hills of the Willamette Valley and the Folin Vineyard in the Rogue Valley of Southern Oregon. As with all of our gargantua Syrahs, this wine is not destemmed, is fermented using the 100% whole cluster approach and aged in larger 500-600 liter neutral barrels.

The 2015 Oregon gargantua has explosive, gorgeous aromas of peppercorns and dried savory herbs like tarragon, sage and thyme. It is bright and juicy with a great core of blueberry, huckleberry and other dark core fruits, coupled with a slight green olive note with meaty beef bouillon flavors. The wine finishes juicy and ripely tannic.
